SPECIFIC PROGRAM AREA(S):

This position is responsible for planning, developing, administering, coordinating and evaluating activities for our Immunization and Tuberculosis programs. Duties related to the Immunization program include, but not limited to, providing vaccination to infants, children and adults at immunization clinics; educating the public about the importance of vaccines; and collaborating with healthcare provider offices, school nurses, and community partners to promote vaccination for individuals of all ages. Duties related to the Tuberculosis program include placement and reading of Tuberculin Skin Tests as well as investigating and case managing Tuberculosis cases, including both active Tuberculosis and Latent Tuberculosis Infection. This position also participates in the rabies on-call team.

This vacancy can be filled with one of the following titles (see job description & requirements for each below):

Public Health Nurse or Registered Nurse

DISTINGUISHING FEATURES OF THE CLASS:

Public Health Nurse or Registered Nurse

This position involves responsibility to provide public health nursing services to individuals, families, and population groups. Nursing actions are directed toward the goals of prevention, assessment, risk reduction, and health status improvement for individuals, families and communities. Nursing activities include, but are not limited to, systematic analysis of health data, health education and advocacy, coalition building, and collaborating with community partners to promote the health of a population. Public Health Nurses/Registered Nurses often collaborate and consult within multidisciplinary and multi-agency teams in order to achieve desirable outcomes for families and communities. Public Health nursing interventions occur at individual, family, community and system levels depending upon the responsibilities of the position and the program or issues involved. This position involves responsibility for planning, developing, administering, coordinating and evaluating activities for Public Health programs. Other work responsibilities may include conducting communicable disease and rabies case investigations, administering immunizations, and participation in Performance Management and Quality Improvement. Work is performed under the general direction of the Deputy Director of Public Health or Director of Public Health and in accordance with the New York State Nurse Practice Act. Supervision may be exercised over Registered Professional Nurses (Public Health Nurse only), Licensed Practical Nurses, and General Support Staff. Does related work as required.

TYPICAL WORK ACTIVITIES (Illustrative Only):

Public Health Nurse or Registered Nurse

- Assesses the health status of those served and their related determinants of health, and uses this knowledge to educate, inform, and make referrals as appropriate;
- Conveys public health information in writing and orally, in person and through electronic means, with linguistic and cultural proficiency in the appropriate format and health literacy level of the population served;
- Develops demographic, statistical, programmatic, and scientific presentations, brochures, and products;
- May teach classes, address or facilitate groups, and participate in community partnerships to promote population health;
- Participates and/or leads program planning, implementation, and evaluation;
- Reports program performance and completion of work plan objectives;
- Participates in the conduct of surveys and assessments related to health matters;
- Compiles and uses records, reports, and statistical information for planning and evaluation of public health programs;
- Participates in or leads quality improvement projects;
- Investigates reports of communicable disease and infection;
- Completes and maintains activity records, patient files, and program records in compliance with Nursing Standards, Grant requirements, and NYSDOH regulations;
- Administers immunizations and biologics, and performs specimen collection and shipment for patients in the community setting and in clinics;
- Coordinates and monitors the delivery of available services;
- May provide nursing oversight to Registered Professional Nurses (Public Health Nurse only) and Licensed Practical Nurses in the administration of Immunizations or biologics;
- Participates in emergency preparedness planning and response efforts;
- Performs other duties as assigned.

NOTE: Incumbent will be placed on an on-call rotation and will be expected to accept phone calls and respond accordingly to emergency situations that may occur outside of regularly scheduled business hours.

BACKGROUND INVESTIGATION AND ADDITIONAL SCREENINGS:

Each candidate will be subject to a thorough background investigation. Applicants may be required to authorize access to educational, financial, employment, criminal history, mental health records or other records. Conviction of a felony will bar appointment. Conviction of a misdemeanor or other offense is subject to evaluation and may bar appointment. Additional investigations may include but are not limited to questionnaires, interviews and background checks of any nature. At the discretion of the employing law enforcement agency, candidates may be subject to additional screenings as a term and condition of employment, including but not limited to fingerprinting, polygraph and psychological testing. Drug testing is included in the required medical exam. Failure to meet the standards for any screenings may result in disqualification.

EEOE / DISCLAIMER:

Yates County is an Equal Employment Opportunity Employer. Yates County does not unlawfully discriminate in employment because of age, race, creed, color, national origin, sex, sexual orientation, disability, marital status, arrest and/or criminal conviction record unless based on a bona fide occupational qualification or other exception, genetic predisposition, or domestic violence victim status.

The Yates County Personnel Office is responsible for job titles for all public employment positions within Yates County, excluding NYS Department of Education positions. There are numerous job titles that are shared between all of our appointing authorities. **Exam announcements** that are distributed for a job title you have within your workforce does not automatically mean that position is vacant, will become vacant or is currently being recruited for. It is the Personnel Officer's responsibility to be prepared for anticipated job vacancies, therefore, exams may be given in anticipation of upcoming retirements, promotions, etc. Requests to order exams may be submitted by appointing authorities as well. The majority of all Civil Service exams are scheduled by NYS Civil Service. Some exams, for example, are only given every 4 years, so it is in our best interest to give such exams when offered in order to be prepared. If a position is vacant or will become vacant, a **Vacancy Announcement** will be distributed and, on that announcement, it includes the work location along with other pertinent details pertaining to the location for which the vacancy will occur. **Exam Announcements are different from Vacancy Announcements and should not be misconstrued as being an advertisement for an open position.**
